

TAKE ADVANTAGE OF STATE FUNDING FOR TRAINING

Hagerman & Company has teamed up with California Manufacturing Technology Consulting (CMTC) to offer state funding for training. If you are a manufacturer in Southern California paying into the unemployment fund, you may qualify for funding from the Employment Training Panel (ETP) to train your employees, strengthen their skills, and make you more competitive in the global marketplace.

The State of California will reimburse eligible manufacturing companies **\$534 per student** for a 24-hour training class. The company must send a minimum of four students to the class.

Full payment of the normal training rate will be due to Hagerman & Company, Inc. at the time of purchase. Your company will be sent a refund within 90-180 days after completion of class and submittal of the required documentation.

Who is Eligible?

Company Requirements:

- Company must pay into the unemployment insurance fund;
- Company must have a 20% turnover rate or less;
